ALABASTER SHOT LIGHT NO.6 SMALL

A new addition to our timeless Shot Light range, this Alabaster Wall Light features alabaster panels in a hexagonal metal casing.

A stunning textural element consisting of a hammered effect can be seen to the metal caps.

The natural properties of alabaster give each piece a subtly unique look whilst the translucency of the mineral creates a subtle atmospheric light.

Shown here in Antique Bronze and available in any of our other finishes and with a choice of either the textured end caps seen here or our original Shot Light No.6 end caps.

This light is also available in Large and Medium sizes, see dimensions below and specification sheet for more details.
